

Table 1A: TERRESTRIAL ECOSYSTEMS / ECOPROVINCE / ECOREGIONS / ECODISTRICTS OF CANADA

Ecozone	Ecoprovince	Ecoregion	Ecodistrict numbers
Arctic Cordillera	<i>Northern Arctic Cordillera</i>	Ellesmere and Devon Island IceCaps	1-4
	<i>Southern Arctic Cordillera</i>	Baffin Mountains	5-8
		Baffin Islands Coastal lowlands	9,10
		Torngat Mountains	11-13
Northern Arctic	<i>Ellesmere Basin</i>	Ellesmere Mountains	14-16,26
		Eureka Hills	17-25
	<i>Sverdrup Islands</i>	Sverdrup Islands Lowland	27-30
	<i>Victoria Lowlands</i>	Parry Islands Plateau	31-33
	<i>Parry Channel Plateaux</i>	Lancaster Plateau	34-39
	<i>Victoria Lowlands</i>	Banks Island Coastal Plain	40
		Banks Island Lowland	41-45
		Amundsen Gulf Lowlands	46-50
		Shaler Mountains	51,52
		Victoria Islands Lowland	53-64
		Prince of Wales Island Lowland	65-68
	<i>Boothia-Foxe Shield</i>	Boothia Peninsula Plateau	69-72
	<i>Foxe-Boothia Lowlands</i>	Gulf of Boothia Plateau	73,74
	<i>Parry Channel Plateaux</i>	Borden Peninsula Plateau	75,76
	<i>Boothia-Foxe Shield</i>	Melville Peninsula Plateau	77-90
	<i>Baffin Uplands</i>	Baffin Island Uplands	91-97
	<i>Foxe-Boothia Lowlands</i>	Foxe Basin Plain	98-101
	<i>Boothia-Foxe Shield</i>	Pangnirtung Upland	102-105
	<i>Baffin Uplands</i>	Hall Peninsula Upland	106
	<i>Boothia-Foxe Shield</i>	Meta Incognita Peninsula	107-113
	<i>Baffin Uplands</i>	Baffin Upland	114,115
	<i>Boothia-Foxe Shield</i>	Wager Bay Plateau	116-130
		Northern Ungava Peninsula	131,132
Southern Arctic	<i>Amundsen Lowlands</i>	Yukon Coastal Plain	133-136
		Tuktoyuktuk Coastal Plain	137-141
		Anderson River Plain	142-144
		Dease Arm Plain	145-149
		Coronation Hills	150-154
		Bluenose Lake Plain	155,156
		Bathurst Hills	157,158
	<i>Keewatin Lowlands</i>	Queen Maud Gulf Lowland	159-162
		Chantrey Inlet Lowland	163
	<i>Amundsen Lowlands</i>	Takijua Lake Upland	164-168
	<i>Keewatin Lowlands</i>	Garry Lake Lowland	169-171
		Back River Plain	172-174
		Dubwant Lake Plain/Upland	175-177
		Maguse River Upland	178-183
		Southampton Island Plain	184,185
	<i>Ungava-Belcher</i>	Central Ungava Peninsula	186-188
		Ottawa Islands	189

		Belcher Islands	190
Taiga Plains	<i>Great Bear Lowlands</i>	Mackenzie Delta	191-192
	<i>Mackenzie Foothills</i>	Peel River Plateau	193-198
	<i>Great Bear Lowlands</i>	Great Bear Lake Plain	199-207
		Fort MacPherson Plain	208-213
		Colville Hills	214,215
		Norman Range	216-219
		Mackenzie River Plain	220-222
		Grandin Plains	223,224
		Franklin Mountains	225,226
		Keller Lake Plain	227-229
		Great Slave Lake Plain	230-232
	<i>Mackenzie Foothills</i>	Nahani Plateau	233,234
		Sibbeston Lake Plain	235
	<i>Great Bear Lowlands</i>	Horn Plateau	236,237
	<i>Hay-Slave Lowlands</i>	Hay River Lowland	238-245
		Northern Alberta Uplands	246- 251,253,254
		Muskwa Plateau	252
Taiga Shield	<i>Western Taiga Shield</i>	Coppermine River Upland	255-259
		Tazin Lake Upland	260-263
		Kazan River Upland	264-272
		Selwyn Lake Upland	273-283
	<i>Eastern Taiga Shield</i>	La Grande Hills	284-287
		Southern Ungava Peninsula	288-290
		New Quebec Central Plateau	291-296
	<i>Whale River Lowland</i>	Ungava Bay Basin	297-301
		George Plateau	302-304
	<i>Labrador Uplands</i>	Kingarutuk-Fraser River	305-310,321
		Smallwood Reservoir-Michikamau	311-316
		Coastal Barrens	317-319
		Mecatina River	320,324,327- 329
		Kingarutuk-Fraser River	321
		Eagle Plateau	322,323
		Harp Lake	325
		Nipishish Lake	326
Boreal Shield	<i>Western Boreal Shield</i>	Athabasca Plain	331-342
		Churchill River Upland	343-359
		Hayes River Upland	360-369
	<i>Mid-Boreal Shield</i>	Lac Seul Upland	370-374
	<i>Lake of the Woods</i>	Lake of the Woods	375-380
		Rainy River	381
		Thunder Bay-Quetico	382,383
	<i>Mid-Boreal Shield</i>	Lake Nipigon	384-391
	<i>Western Boreal Shield</i>	Big Trout Lake	392-396
	<i>Mid-Boreal Shield</i>	Abitibi Plains	397-405
	<i>Southern Boreal Shield</i>	Lac Temiscamisque Lowland	406-410
		Algonquin-Lake Nipissing	411-413
		Southern Laurentians	414-426

	<i>Mid-Boreal Shield</i>	Riviere Rupert Plateau	427-431
	<i>Eastern Boreal Shield</i>	Central Laurentians	432-441
		Anticosti Island	442
		Mecatina Plateau	443-447
		Paradise River	448,449
		Lake Melville	450-452
	<i>Newfoundland</i>	Strait of Belle Isle	453
		Northern Peninsula	454-456
		Long Range Mountains	457,464,465
		Southwestern Newfoundland	458-463
		Central Newfoundland	466-469
		Northeastern Newfoundland	470
		Maritime Barrens	471-475
		Avalon Forest	476
		South Avalon-Burin Oceanic Barrens	477
Atlantic Maritime	<i>Appalachian-Acadian Highlands</i>	Appalachians	478-483
		Chaleur Uplands	484-490
		Northern New Brunswick Highlands	491,492
	<i>Fundy Uplands</i>	Saint John River Valley	493,494
		Southern New Brunswick Uplands	495-499
	<i>Northumberland Lowlands</i>	Maritime Lowlands	500
	<i>Appalachian-Acadian Highlands</i>	Maritime Lowlands	501-506
	<i>Fundy Uplands</i>	Fundy Coast	507-509
		Southwest Nova Scotia Uplands	510-515
		Atlantic Coast	516
		Annapolis- Minas Lowlands	517,518
		South-central Nova Scotia Uplands	519,520

Mixedwood Plains	<i>Great Lakes-St.Lawrence Lowlands</i>	St-Laurent Lowlands	540-548
		Frontenac Axis	549
		Manitoulin-Lake Simcoe	550-560
	<i>Huron-Erie Plains</i>	Lake Erie Lowland	561-572
Boreal Plains	<i>Central Boreal Plains</i>	Slave River Lowland	573-580
	<i>Boreal Foothills</i>	Clear Hills Upland	581-585
	<i>Central Boreal Plains</i>	Peace Lowland	586-599
		Mid-Boreal Uplands	600-606,612-617
			632-661,710-716
		Wabasca Lowland	607-609
		Western Boreal	610-611

	<i>Boreal Foothills</i>	Western Alberta Upland	618-631
	<i>Eastern Boreal Plains</i>	Mid-Boreal Lowland	662-677
	<i>Central Boreal Plains</i>	Boreal Transition	678-709
	<i>Eastern Boreal Plains</i>	Interlake Plain	717-726
Prairies	<i>Parkland Prairies</i>	Aspen Parkland	727-766,839
	<i>Central Grassland</i>	Moist Mixed Grassland	767-797
	<i>Central Grassland</i>	Fescue Grassland	798-802
	<i>Central Grassland</i>	Mixed Grassland	803-836
	<i>Central Grassland</i>	Cypress Upland	837-838
	<i>Parkland Prairies</i>	Aspen Parkland	839
	<i>Eastern Prairies</i>	Lake Manitoba Plain	840-853
	<i>Parkland Prairies</i>	Boreal Transition	854,855
Taiga Cordillera	<i>Northern Yukon Mountains</i>	British-Richardson Mountains	856-861
	<i>Old Crow-Eagle Plains</i>	Old Crow Basin	862
		Old Crow Flats	863
	<i>Ogilvie Mountains</i>	North Ogilvie Mountains	864-867
		Eagle plains	868,869
	<i>Mackenzie-Selwyn Mountains</i>	Mackenzie Mountains	870-874
		Selwynn Mountains	875-880
Boreal Cordillera	<i>Western Boreal Cordillera</i>	Klondike Plateau	881-885
	<i>Wrangel Mountains</i>	St.Elias Mountains	886-889
	<i>Northern Boreal Cordillera</i>	Ruby Ranges	890-895
		Yukon Plateau -Central	896,897
		Yukon Plateau -North	898-903
		Yukon Southern Lakes	904-910
		Pelly Mountains	911-914
	<i>Southern Boreal Cordillera</i>	Yukon-Stikine Highlands	915-917
		Boreal Mountains and Plateaus	918-923
	<i>Northern Boreal Cordillera</i>	Liard Basin	924-929
		Hyland Highland	930-932
	<i>Southern Boreal Cordillera</i>	Northern Canadian Rocky Mountains	933-935
Pacific Maritime	<i>Northern Coastal Mountains</i>	Mount Logan	936
		Northern Coastal Mountains	937-939
	<i>Southern Coastal Mountains</i>	Nass Basin	940
		Queen Charlotte Ranges	941,942
		Queen Charlotte Lowland	943
		Mass Ranges	944
		Coastal Gap	945-947
		Pacific Ranges	948-951
		Western Vancouver Island	952-954
	<i>Georgia Depression</i>	Eastern Vancouver Island	955,956
		Georgia-Puget Basin	957
		Lower Mainland	958,959
	<i>Southern Coastal Mountains</i>	Cascade Ranges	960
Montane Cordillera	<i>Northern Montane Cordillera</i>	Skeena Mountains	961,962
		Omineca Mountains	963-966
		Central Canadian Rocky Mountains	967-970
	<i>Central Montane Cordillera</i>	Bulkley Ranges	971

		Fraser Plateau	972-979
	<i>Northern Montane Cordillera</i>	Fraser Basin	980-982
	<i>Central Montane Cordillera</i>	Chilcotin Ranges	983,984
	<i>Columbia Montane Cordillera</i>	Columbia Mountains and Highlands	985-992
		Western Continental Ranges	993-995
		Eastern Continental Ranges	996-1000
	<i>Southern Montane Cordillera</i>	Interior Transition Ranges	1001-1003
		Thompson-Okanagan Plateau	1004-1008
		Okanagan Range	1009
		Okanagan Highland	1010,1011
	<i>Columbia Montane Cordillera</i>	Selkirk-Bitterroot Foothills	1012
		Southern Rocky Mountain Trench	1013-1015
		Northern Continental Divide	1016-1019
Hudson Plains	<i>Hudson Bay Coastal Plains</i>	Coastal Hudson Bay Lowland	1020-1023
	<i>Hudson-James Lowlands</i>	Hudson Bay Lowland	1024-1027
		James Bay Lowlands	1028-1031

Table 1B: MARINE ECOSYSTEMS / ECOPROVINCE / ECOREGIONS / ECODISTRICTS OF CANADA

Ecozone	Ecoprovince	Ecoregion	Ecodistrict

Table 2: SOME DESCRIPTIVE BIOPHYSICAL CHARACTERISTICS OF CANADA'S MARINE AND TERRESTRIAL ECOZONES

Ecozone	Landforms	Surface materials/soils	Climate/oceanographic characteristics	Vegetation/productivity	Wildlife (mammals/ birds)	Human activities	Main communities
Terrestrial Ecozones							
Arctic Cordillera	Mountains	Ice, snow, colluvium, rock/Cryosols	Extremely cold, dry; continuous permafrost	Mainly unvegetated; some shrub–herb tundra	Polar Bear (along coast), Arctic Hare; Northern Fulmar, Common Ringed Plover, Snow Bunting	Hunting, tourism	Pond Inlet, Clyde River, Broughton Island
Northern Arctic	Plains, hills	Moraine, rock, marine/ Cryosols	Very cold, dry; continuous permafrost	Herb–lichen tundra	Peary Caribou, Muskox, Wolf, Arctic Hare; Red-throated Loon, Brant, Ptarmigan, Greater Snow Goose	Hunting, tourism/ recreation, some mining	Iqaluit, Cambridge Bay, Holman, Arctic Bay, Taloyoak, Pangnirtung, Sachs Harbour, Cape Dorset, Resolute, Igloolik
Southern Arctic	Plains, hills	Moraine, rock, marine/ Cryosols	Cold, dry; continuous permafrost	Shrub–herb tundra	Barren-ground Caribou, Wolf, Grizzly Bear, Arctic Fox, Arctic Ground Squirrel, Lemming; Arctic Loon, Ptarmigan, Snowy Owl	Hunting, trapping, tourism/ recreation, mineral development	Tuktoyaktuk, Rankin Inlet, Arviat, Paulatuk, Povungnituk
Taiga Plains	Plains, some foothills	Organic, moraine, lacustrine/ Cryosols, Brunisols	Cold, semiarid to moist; discontinuous permafrost	Open to closed mixed evergreen–deciduous forest	Moose, Woodland Caribou, Wood Bison, Wolf, Black Bear, Red Squirrel; Northern Shrike, Spruce Grouse	Hunting, trapping, tourism/ recreation, oil and gas development, marginal agriculture in south	Inuvik, Fort Simpson, Wrigley, Norman Wells, Aklavik, Hay River, Fort McPherson

Taiga Shield	Plains, some hills	Canadian Shield rock, moraine/ Cryosols, Brunisols	Cold, moist to semiarid; discontinuous permafrost	Open evergreen–deciduous trees; some lichen–shrub tundra	Moose, Barren-ground Caribou, Wolf, Snowshoe Hare, Red Squirrel; Red-necked Phalarope, Northern Shrike	Tourism/ recreation, some mining, some hunting and trapping	Yellowknife, Goose Bay, Uranium City, Churchill Falls, Happy Valley, Kuujuarapik
Taiga Cordillera	Mountains	Colluvium, moraine, rock/ Cryosols, Gleysols, Brunisols	Cold, semiarid; discontinuous permafrost	Shrub–herb–moss–lichen tundra	Dall's Sheep, Grant's Caribou, Black Bear, Grizzly Bear; Peregrine Falcon, Ptarmigan	Trapping, hunting, mining, tourism/ recreation, oil and gas	Old Crow
Hudson Plains	Plains	Organic, marine/ Cryosols	Cold to mild, semiarid; discontinuous permafrost	Wetland; some herb–moss–lichen tundra, evergreen forest	Woodland Caribou, Moose, Black Bear, Marten, Arctic Fox; Canada Goose	Hunting, trapping, recreation	Churchill, Moosonee, Attawapiskat
Boreal Plains	Plains, some foothills	Moraine, lacustrine organic/ Luvisols, Brunisols	Cold, moist	Mixed evergreen–deciduous forest	Woodland Caribou, Mule Deer, Moose, Black Bear, Beaver, Muskrat; Boreal Owl, Blue Jay	Forestry, agriculture, tourism/ recreation, oil and gas development	La Ronge, The Pas, Flin Flon, Peace River, Fort Smith, Fort Vermilion, Hinton
Boreal Shield	Plains, some hills	Canadian Shield rock, moraine, lacustrine/ Podzols, Brunisols	Cold, moist	Evergreen forest, mixed evergreen–deciduous forest	White-tailed Deer, Moose, Black Bear, Canada Lynx, Marten, Red Squirrel; Boreal Owl, Blue Jay	Forestry, mining, tourism/ recreation, hunting, trapping	Thunder Bay, St. John's, Sudbury, Sault Ste. Marie, Chicoutimi, North Bay, Sept-Îles, Gander, Thompson
Boreal Cordillera	Mountains, some hills	Colluvium, moraine, rock/ Brunisols, Podzols, Cryosols	Moderately cold, moist	Largely evergreen forest; some tundra, open woodland	Moose, Dall's Sheep, Grizzly Bear, Black Bear; Ptarmigan, Spruce Grouse	Hunting, trapping, forestry, tourism/ recreation, mining	Whitehorse, Dawson, Faro, Teslin, Haines Junction, Mayo Landing

Pacific Maritime	Mountains, minor coastal plains	Colluvium, moraine, rock/ Podzols, Brunisols	Mild, temperate, very wet to cold alpine	Coastal evergreen forest	Black Bear, Grizzly Bear, Mountain Lion; Black Oystercatcher, Tufted Puffin	Forestry, fish processing, urbanization, agriculture	Vancouver, Victoria, Prince Rupert, Nanaimo, Port Alberni, Chilliwack
Montane Cordillera	Mountains and interior plains	Moraine, colluvium, rock/Luvisols, Brunisols	Moderately cold, moist to arid	Evergreen forest, alpine tundra, interior grassland	Woodland Caribou, Mule Deer, Moose, North American Elk, Mountain Goat; Blue Grouse, Steller's Jay	Forestry, agriculture, tourism/ recreation	Prince George, Kelowna, Kamloops, Williams Lake, Vernon, Penticton, Nelson, Trail, Cranbrook, Quesnel
Prairies	Plains, some hills	Moraine, lacustrine/ Chernozems	Cold, semiarid	Grass; scattered deciduous forest ("aspen parkland")	Mule Deer, White-tailed Deer, Pronghorn, Coyote, Prairie Dog; Sage Grouse, Burrowing Owl	Agriculture, urbanization, recreation, oil and gas development	Calgary, Winnipeg, Edmonton, Regina, Saskatoon, Lethbridge, Red Deer, Prince Albert, Brandon
Atlantic Maritime	Hills and coastal plains	Moraine, colluvium, marine/ Brunisols, Podzols, Luvisols	Cool, wet	Mixed deciduous–evergreen forest	White-tailed Deer, Moose, Black Bear, Coyote, Raccoon; Blue Jay, Eastern Bluebird	Forestry, agriculture, fish processing, tourism/ recreation	Halifax, Saint John, Dartmouth, Charlottetown, Moncton, Sydney, Rimouski, Sherbrooke
Mixed wood Plains	Plains, some hills	Moraine, marine, rock/ Luvisols, Brunisols	Cool to mild, moist	Mixed deciduous–evergreen forest	White-tailed Deer, Red Fox, Raccoon, Striped Skunk, Beaver, Grey Squirrel; Great Blue Heron, Blue Jay	Agriculture, urbanization, tourism/ recreation	Toronto, Montreal, Windsor, Hamilton, Quebec, Ottawa, London, Mississauga

Marine Ecozones

Pacific	Pacific Ocean basin and narrow continental shelf; numerous fjords	Generally ice-free except for local pockets of landfast ice (seasonal)	General eastward-setting oceanic current (Subarctic Current) with divergence point off the shelf; pronounced seasonal upwelling in the south; El Niño influences	One of Canada's most productive oceanic areas	Important seasonal migrations of animals between neritic and oceanic areas; important commercial species include Oyster, Shrimp, five species of Salmon, Herring, Pacific Hake, Sablefish, Pacific Halibut, Clams, Dungeness Crab, Rockfish, and Flatfish species	Fishing, tourism
Arctic Archipelago	Limited to "shelf-type" depths; high Arctic islands, Arctic and Hudson Bay coasts; much is rocky coastline, numerous channels and straits; high coastal relief in east, low in south and west	Seasonal ice; open water 2–3 months in summer	Relatively high freshwater input along northern continental boundary	Higher productivity and abundance of life than permanent ice area	Intense summer migration into region, generally following the ice edge retreat; locally high concentrations of marine birds and mammals, including Beluga, Walrus, Seals; Polar Bear	Oil and gas, limited fishing and hunting

Arctic Basin	Limited to the most northern polar cap areas	Mainly permanent pack ice	Affected by easterly winds driving a clockwise circumpolar gyre in basin; no land components	Low biological productivity and diversity	Polar Bear and Seals dominate mammals	Few, if any, activities
North-west Atlantic	Primarily continental shelf; generally low coastal relief	Seasonal ice area	Labrador Current exerts strong influence both on shelf and offshore (lower-salinity cold water)	Strongly influenced by the Labrador Current and Arctic waters	Subarctic species in north to boreal species in south; important commercial species include Oyster, Shrimp, Snow Crab, Haddock, Hake, Pollock, American Plaice, Codfish, Halibut, Flounder, Herring, Mackerel, Capelin, and Atlantic Salmon	Fishing, tourism
Atlantic	Large southern shelf areas (Grand Banks, Scotian Shelf) as well as the Northwest Atlantic Ocean basin	Generally ice-free except for local pockets of landfast ice and some years of seasonal ice	Includes mostly temperate water masses originating from the south; Gulf Stream offshore and Slope Water Current at the shelf break; mixing zone between cold, lower-salinity water from the north and warmer water from the south	A very productive area for many species	Includes both neritic and oceanic species; important commercial ground fisheries occur on shelves; important commercial species include Lobster, Scallop, Codfish, Haddock, Hake, Pollock, Redfish, Halibut, Mackerel, and Atlantic Salmon	Fishing, tourism
