GROUP ACTIVITY WORKSHEET

DATE: _____

WORKSHEET 7: SHARING THE WEALTH GUIDELINES FOR COMMUNITY MEMBERS

You are now part of a community of four members. Choose a secretary who will be responsible for recording information on Worksheet 9.

1. Distribute your role cards randomly.
2. Invent a name for your community. Write your name at the top of Worksheet 9.
3. In the tables found on Worksheet 9, write the names of your community members in the first column and at the top of the sheet.
4. You are now ready to begin consuming a valuable resource in your community: fertile soil. Soil is represented by beans. Each bean represents 0.5 hectares.
5. To start with, your community receives 16 beans in a communal pile.
6. You are now ready to play Round 1. Each community member must collect beans from the communal pile. You can only consume as many beans as your role allows you to consume. Remember, your role card describes the **maximum** number of beans you can consume. You are not obligated to consume at the maximum level.
7. After each community member has consumed from the communal pile, record the number taken by each person in the second column of the first table under column Round 1.
8. Once the jelly beans have been replenished by your teacher, you can play your second round. Remember to record your answers. The game continues in this manner for two more rounds.
9. When you have finished recording the information for Round 4, collect the beans and replace them in the bag.
10. Fill out the information in the third chart on Worksheet 9 for this game (Game 1).
11. Before playing a slightly different version of the game, your teacher will lead a brief discussion about your experience.
12. You are now ready for round two. You will now be part of a community of a poor country. You will be given new role cards that reflect your third world community.
13. Return to direction 5 and play Game 2 using the same guidelines. This time, record your answers in the third chart on Worksheet 9.
