Procedure

1. Prior to Unit 1, your students were given the following group assignment:

Develop a profile of the corporation you have selected. Your profile must include the following:

- The corporations logo
- Mandate
- Location of headquarters
- Countries where the corporation's products are produced
- Information on the use of child and sweatshop labour in the factories used by the corporation.
- CEO
- Date of establishment
- Recent mergers
- Type of products
- Brand names owned by the corporation
- Target audience
- Your group's analysis of the corporations track record environmental, social, economic and labour issues.
- Any other information that would be useful for your classmates to know

Present your findings on a poster. The poster should contain the following information:

- A summary of the corporation you have chosen.
- An interactive aspect that engages the other students in your class (For example, a quiz on various components of your assigned sustainable development event)
- Creativity! Your poster will be displayed in the class as part of a sustainable development timeline. You need to encourage other students in your class to read your poster.
- Your group will give a five minute summary of your findings to the class.

2. The groups were asked to prepare a 5-minute summary of their findings and design an informative poster.
3. Have the groups present their findings in a five-minute presentation. Following the presentations, have the groups display their posters around the classroom.
4. Your students can walk around the classroom reading the summaries provided by the groups.
