cotton to Consumer

Procedure

1. Photocopy supplementary sheet 10 (1 per group of 4) and cut out the squares. Jumble the cards together.
2. Divide your class into groups of 4.
3. Distribute the package of cards to each group.
4. Explain to your students that the cards tell the story of a pair of brand name and organic jeans.
5. In their groups, your students must sort out the two stories.

DISCUSSION

Knowledge/Understanding

- What is the most significant difference between the two stories?

Thinking/Inquiry

- Did anything concern you about the jeans industry?
- What would you want to know about a jeans company before purchasing from them?
- Do you know of any other clothing companies that have a bad reputation for human rights violations and poor environmental standards?

Application/Making Connections

- What influences your choice in jeans?
- Discuss how organic jeans could be marketed so that they become a competitive industry.
- How can you be involved in ensuring that your clothing is made without sweatshop labour and environmental damage?
